

# DELTA PROTECTION COMMISSION

## Community Meeting Summary - Round Two

November 16, 2010 - Clarksburg (Clarksburg Middle School) - 52810 Netherlands Road - 6-8:00 p.m.

*This meeting was video taped. The video can be viewed at [www.delta.ca.gov](http://www.delta.ca.gov)*

The purpose of the Round Two public meetings was to review and discuss the preliminary draft Framework Study for the Economic Sustainability Plan for the Sacramento-San Joaquin Delta. The meeting was called to order at 6:05 p.m. by the Economic Sustainability Plan Framework project team. After an introduction by Mike Machado, Executive Director of the Delta Protection Commission, a 30 minute presentation was given by the team and the participants asked questions for twenty minutes. The participants completed surveys handed out at the beginning of the meeting. These worksheets followed the draft framework, section-by-section. The following suggestions were offered (listed below as outlined in the draft framework):

### **Key Drivers**

-Why "Food" production, versus "Ag" production? Energy? Residents drive the Delta economy too.

### **Key Sectors**

-Water diversion (affects other economies). Value on services from local levee/reclamation districts?

### **Key Assets**

-Public sector jobs important to economy.

### **Key Factors** (affecting economy as a whole)

-Long term maintenance of infrastructure, expand regulations (beyond ag regulations and outline who enforces the regulation), public ownership of lands, break out water policies to say "fresh water." What is the role of law enforcement? Separate "primary" and "secondary" zones in plan.

### **Key Factors** (by sector, only listed if suggestions were offered)

-Agriculture - water export, transportation of large trucks (moving product)
